

SCC Notes for October 10, 2018

In attendance: Jacoy Baird, Emily Gunderson, Zulma Farnworth, Ashley Christiansen (absent), Kali Brown, Heidi Dimmick

- **Call to Order:** Kali Brown
- **Elect Co-Chairs:** Parent, Ashley Christiansen, Employee, Heidi Dimmick.
 - Jacoy nominated: Ashley Christiansen
 - Emily seconded nomination
 - Unanimous vote
- **Training** on SCC Responsibilities:
 - Viewed DVD and PPT from School Land Trust
 - Updated school website
- On 10-05-18 we held our NetSmartz assembly (K-3, 4-6), which fulfilled our Technology Usage and Digital Citizenship requirement

Concerns:

- Could we have a shared google doc for fieldtrips so parents are all able to sign-up together and car-pool? Heidi shared her google doc with teachers, as an example. Kali clarified: the document would be blank, with the option of parent(s) to share name and contact information, if they choose.
- EXTRA programs fill up too fast. Instead of first come first served, could we collect names for 3 days and then draw names. Kali will discuss with team leaders. What about 1 family member vs. all of them? Carpool?

Celebrations:

- We are now 1:1 with technology and students
- Parents excited about school play and combined choir
- Good feedback about the Jog-a-thon
- We are using TrustLands for a technician to help support the 6th grade classes during math time (12:30-1:30)
